Then choose your second and third best.

Number them right on the paper: #1, #2, and #3

The other four can go in any order behind these three.

Now type up your best paragraph as a Google Doc.

- One group member should start the Doc and share it with the other two group members. Be sure to give everyone the ability to edit the Doc. The other two group members should find it in their Shared with me file.
- Also share it with me [vfitzgerald@rcs-k12.us](mailto:vfitzgerald@rcs-k12.us). I need the ability to edit also.
- Give the Doc the title "Genre Identification Paragraph" and follow it with the initials of the three group members.

Split up the work. One person should be the lead typist. One can do the heading, and the third can share it with me. The two who did the heading and sharing should then follow along as the paper is typed, editing and commenting.
